## **EVENT SITUATION**

You are to assume the role of the supervisor for all bank tellers at CITY CENTER BANK, a local bank that has five locations. The bank president (judge) has asked you to determine how the bank can receive information about the bank tellers that work in the banks' drive thru locations.

CITY CENTER BANK has five locations throughout the city. Three of the locations have a drive thru option, where customers can make deposits and withdrawals from their accounts without leaving their vehicles. The three locations with the drive thru option have five bank tellers that work the drive thru only and do not have duties assisting customers inside the bank.

The bank president (judge) would like information from bank members about the bank tellers that work the drive thru at the three CITY CENTER BANKS that have that option. The bank president (judge) wants to ensure that the drive thru bank tellers are courteous, prompt and correctly handle customers' transactions. The bank president (judge) has asked you to determine how information about the drive thru bank tellers can be obtained efficiently.

You will explain the methods to the bank president (judge) in a role-play to take place in the president's (judge's) office. The bank president (judge) will begin the role-play by asking you about information management. After you have explained methods to the bank president (judge) and have answered the president's (judge's) questions, your president (judge) will conclude the role-play by thanking you for your work.

### **JUDGE SITUATION CHARACTERIZATION**

You are to assume the role of the bank president at CITY CENTER BANK, a local bank that has five locations. You have asked the bank teller supervisor (participant) to determine how the bank can receive information about the bank tellers that work in the banks' drive thru locations.

CITY CENTER BANK has five locations throughout the city. Three of the locations have a drive thru option, where customers can make deposits and withdrawals from their accounts without leaving their vehicles. The three locations with the drive thru option have five bank tellers that work the drive thru only and do not have duties assisting customers inside the bank.

You would like information from bank members about the bank tellers that work the drive thru at the three CITY CENTER BANKS that have that option. You want to ensure that the drive thru bank tellers are courteous, prompt and correctly handle customers' transactions. You have asked the supervisor (participant) to determine how information about the drive thru bank tellers can be obtained efficiently.

The bank teller supervisor (participant) will explain information management methods to you in a role-play to take place at the bank. You will begin the role-play by asking about information management. During the course of the role-play you are to ask the following questions of each participant:

1. Is it more important to know how the drive thru tellers are doing overall or do we need information about each individual teller?
2. How often should the bank evaluate our drive thru tellers?

After the bank teller supervisor (participant) has explained methods and has answered your questions, you will conclude the role-play by thanking the bank teller supervisor (participant).

You are not to make any comments after the event is over except to thank the participant.

*Answers will vary but should demonstrate a basic understanding of the concepts.*
