

# SCHOOL-BASED ENTERPRISES CHAPTER RE-CERTIFICATION

SCHOOL-BASED ENTERPRISES **SBE**  
*Sponsored by Otis Spunkmeyer an ARYZTA brand*

A **School-based Enterprise (SBE)** is an entrepreneurial operation in a school setting that provides goods/ services to meet the needs of the market. SBEs are managed and operated by students as hands-on learning laboratories that integrate National Curriculum Standards in Marketing, Finance, Hospitality or Management. SBEs provide realistic and practical learning experiences that reinforce classroom instruction. SBEs can sell to consumers through a permanent location, a mobile kiosk or through internet marketing. Products may include school spirit wear, food and beverage items, school supplies, signs and banners and more, while other SBEs provide services such as creative design, advertising sales and more.

## PROGRAM DESCRIPTION

When a school-based enterprise achieves certification at the gold level, they can apply to be gold re-certified for four additional years by submitting the appropriate documentation as outlined in these guidelines. After five years (year of initial gold certification plus four additional years of re-certification), the SBE must complete the original gold certification process to be eligible for the gold level certification award. There is no option for re-certifying at the bronze or silver level. The re-certification documentation is limited to 25 pages and must follow the format in these guidelines.

When submitting the Chapter Certification project, SBEs must indicate whether they specialize in Food Operations or Retail Operations. Utilize the following information to determine how to categorize your SBE:

### FOOD OPERATIONS:

- product assortment includes food or beverage items prepared or assembled by students in the SBE, or hot food items prepared off-site and brought in to the SBE to sell
- food items account for largest percentage of items sold in the SBE and/or largest percentage of gross sales (either packaged foods or prepared foods)
- typical Food Operations SBEs might include coffee shops, snack shops, convenience style shops selling predominately packaged snacks, restaurants, cafes, lunch counters, etc.

### RETAIL OPERATIONS:

- product assortment consists primarily of merchandise that is not food (school supplies, spirit wear, gifts, etc.)
- non-food items or services account for the largest percentage of items sold in the SBE and/or account for the largest percentage of gross sales
- pre-packaged snack foods might be a part of the product assortment, but do not account for the majority of product sales
- the SBE specializes in a service (graphic design, screenprinting, credit union, consulting, etc.)

## PROCEDURE

## JUDGE SCORING

A maximum score of **“Exceeds Expectations”** in any category means that, in the judge’s opinion, the information is presented effectively and creatively; nothing more could be expected for that performance indicator.

A **“Meets Expectations”** rating means that the information is presented well. Though there may be a few minor problems or omissions, they are not significant. Creativity, however, is not shown to any great degree.

A **“Below Expectations”** score means that the information presented does not meet minimum standards of acceptability.

A **“Little/No Value”** score means either that some major flaw has been noted that damages the effectiveness of the information (this may be a major omission, a serious misstatement, poor writing or any other major flaw) or that the information presented is of no value (does not address the performance indicator at all.)

SBE documentation for the following sections should consist of a written description of achievement and other documentation as appropriate/needed. Reviewer's assessment of documentation appears to the right of each performance indicator.
