DECA STYLES
UNDERSTANDING DECA LEADERSHIP STYLES

There are three components to leadership and ultimately your unique DECA Leadership Style:

1. ___________________________           2. __________________________            3. __________________________

One third of your leadership is based on **nature**—how you were uniquely wired and gifted at birth. One third of your leadership is based on **nurture**—the training you have received and the impact of how you were raised and influenced by family, friends, heroes, and others in your life. The final element of your leadership style is based on your **choices**—the lessons you have learned from the outcomes of the decisions you have made in life.

The DECA Leadership Styles Inventory provides insight into your nature—or how you are naturally wired to lead. It provides a glimpse into your natural tendencies and how you were born to act and react to life situations. Your natural style often emerges when you are the most stressed, tired, or are operating in new or unfamiliar environments. As you gain confidence and comfortability in leadership, the nurture and choice aspects of your leadership style will emerge. This choreography and cultivation of nature, nurture, and choice reveals the emerging leader within.

**MAJOR AND MINOR LEADERSHIP STYLES**

Your highest score represents your **Major DECA Leadership Style**. This is also the leadership style you use most often and readily identify with in others.

Your lowest score represents your **Minor DECA Leadership Style**. This is the leadership style you lead with the least often and likely struggle with understanding those who operate with this as their Major DECA Leadership Style.

If your Major DECA Leadership Style is tied or within one or two points of another style, this means that you have the capability to readily adjust your leadership style to understand and operate in a broader variety of situations.

**AVERAGE LEADERS VS EPIC LEADERS**

An **average** leader often surrounds themselves with other leaders who have a similar style. This is natural because people are often more comfortable and communicate easily with people with similar styles and backgrounds. While easier, more comfortable, and perhaps even more fun in the short term, surrounding yourself with leaders just like your style can create major issues for you and those who follow you over the duration of your season of service.

Any of these leadership styles can sit at the head of the table and lead DECA. But, epic leaders and teams understand that all of these styles need to be sitting at the table in order to achieve maximum success and best serve members, customers, and stakeholders. By knowing your style, and the styles of others, you can make greater contributions, recognize how to leverage the leadership of others, and work cooperatively to positively influence people and situations to achieve value and growth.

**CHALLENGES FOR TEAMS WITH THE SAME DECA LEADERSHIP STYLE**

1. __________________________________________
2. __________________________________________

**ADVANTAGES FOR TEAMS WITH DIVERSE DECA LEADERSHIP STYLES**

1. __________________________________________
2. __________________________________________

Until you grow your self-awareness as a leader, you only know __________ % of what it’s like to be led by you.
WHAT’S YOUR DECA LEADERSHIP STYLE?

Rank your style and approach to leadership based on the phrases, word groupings and descriptions on the next page. You must score each box with a 4, 3, 2, or 1. You only can use each number only once per row. Place a 4 under the group of words that BEST describes you leadership style. Then choose the next with a 3, the next with a 2, and finally the LEAST like you with a 1. EACH ROW MUST CONTAIN ALL FOUR NUMBERS.
