### **BUSINESS RESEARCH**

Thank you for agreeing to share your time and knowledge with Collegiate DECA members at the International Career Development Conference (ICDC)!

As a judge you will sit across the table from Collegiate DECA's most talented members and evaluate their knowledge and skills they've developed all year. You provide the 'real world' expertise that sets our industry-validated competitive events program apart as you determine who will advance to finals or be named an international finalist.

ICDC would not be possible without your commitment. On behalf of all Collegiate DECA students and staff, thank you for serving as a competitive events judge!

### JUDGING INSTRUCTIONS

DECA's Competitive Events Program is aligned to industry-validated National Curriculum Standards in the career clusters of marketing, business management and administration, finance, and hospitality and tourism. The DECA members you will be judging have qualified from a series of competitions and represent the top performers from their state/province.

#### EVENT OVERVIEW

- The event you have agreed to judge includes two parts: a written entry and an oral presentation.
- You have been assigned to judge one section of this event.
- In your section, you will judge 10-15 participant teams (1 to 3 participants), who are only competing against each other in the preliminary competition. The top performing teams from each section after combining the written entry (50 points maximum) and oral presentation (50 points maximum) scores will advance to final competition.
- As a judge, you will evaluate the participant teams' written entry and presentation using the provided rubric.

#### YOUR ROLE AS A JUDGE

- Carefully review the event guidelines and evaluation form, understanding your characterization as a judge. When it is time for you to begin seeing the participants, they will be brought to your judging table one team at a time.
- Prior to each team's presentation you will be given their written entry. You will have 10 minutes to review the team's written entry before the team is brought to your judging table.
- When a participant team is brought to your judging table, the 20-minute presentation time will begin. This includes any time that the team may need for setting up their presentation. Allow the participant teams to complete their presentation without interruption, unless you are asked to respond. Each participant must take part in the presentation.
- Following the oral presentation and if time remains, you may ask questions based on your notes or on the written entry itself.
- Materials appropriate for the situation may be handed to you or left with you by the participants. Items of monetary value may be handed to but may not be left with the judges. Items such as flyers, brochures, pamphlets and business cards may be handed to or left with the judge. No food or drinks allowed.
- At the conclusion of the presentation, thank the participant(s). Please do not provide any feedback to the participant(s).
- Use pencil to complete the scantron form, recording the score in the box and blackening the correct score. You may need to adjust scores as you establish clear expectations for performance.
- If you have any questions, please consult your event director.
- All participants, regardless of race, color, religion, sex, national origin, age, disability, sexual orientation or socio-economic status, should be treated equally and respectfully.

#### TIPS AND SUGGESTIONS

- Perform a consistent judge characterization and maintain the same expectations of participant teams throughout to ensure an equitable competitive environment.
- Create a positive learning environment for participants.
- To assist with the determination of winners, please avoid giving ties.
- Participants scoring a combined total score of 70% or better on the competitive event components will earn a Certificate of Excellence.

## BUSINESS RESEARCH

The **Business Research** event provides an opportunity for students to demonstrate business and marketing research skills needed by management personnel. Students will work with an existing local business or organization to conduct business and marketing research about a specific topic, with the ultimate goal of improving business operations, profitability, visibility, etc. A new research topic, or area to improve, will be presented annually in the event guidelines.

The Business Research Event involves 1 to 3 students conducting business and/or marketing research for an existing “business” based on an annual topic. While the term “business” will be used in these guidelines for the purposes of clarity, any type of organization, or even a department, division, or specific location of a business, may be the focus of the research. Upon completion of the research, the student (or student team) will make recommendations to the business owner/manager/operator to improve operations based on the research findings.

### BUSINESS MANAGEMENT + ADMINISTRATION

### MARKETING + COMMUNICATIONS

#### EVENT OVERVIEW

The content to be evaluated is found in the standard Evaluation Forms located in these Guidelines. Preliminary round competition will consist of an evaluation of the written research report (minus deductions from the Written Entry Checklist) accounting for 50 points, and one presentation, also accounting for 50 points.

Students/team will be ranked according to their combined score, and a predetermined number of students/teams will be named finalists. Finalists will again be evaluated based on their written research report (minus deductions) and presentation to determine final rankings. The following guidelines will be applied to the presentations at the International Career Development Conference.

The Business Research Event consists of 2 major parts, both evaluated by the judge, for a maximum 100 points:

- The written research report is limited to 15 pages, and will account for a maximum 50 points.
- The oral presentation by the students, limited to twenty minutes including set-up, presentation time, and answering questions from the judge, will also account for a maximum 50 points.

For the presentation, the students are to assume the role of management trainees in a single-unit of a large business/organization, or in an independent operation. The judge, in the role of owner/manager/operator of the business, will evaluate both the written research report and the presentation.

*Read everything carefully in the Format Guidelines for the Written Report, Guidelines for the Presentation, Written Entry Checklist, Written Event Statement of Assurances, and Evaluation Forms.*

# STUDENT INSTRUCTIONS

## CHECKLIST STANDARDS

In addition to the items outlined above, students must observe the following rules. The purpose of these rules is to make the competition as fair as possible among all students. Points will be deducted for each violation. Refer to the Written Entry Checklist.

1. Two “official” written reports must be submitted. Both of these must be submitted in official Collegiate DECA (or DECA) folios. Folios are available from DECA Images (catalog # FOLIO). No markings, tape or other materials should be attached to the folios.
2. Both “official” written reports must be brought to the student briefing session to be turned in for evaluation according to the Written Entry Checklist. These will be kept by the event director and will be given to the judge prior to your presentation. The students may retain other copies (or photocopies) for their personal reference during the presentation. These do not have to be in official folios, will not be evaluated, and may not be shown to judge.
3. The written report must be limited to 15 pages, including the title page, which is not numbered. The pages must be numbered in sequence; however, a page number will not appear on the title page. The title page does count as one of the maximum 15 pages allowed. The page following the title page will be numbered “2”. One page will be counted for each 8.5 x 11-inch panel or fraction thereof (foldouts, brochures, etc.). Extra pages added as dividers or additional title pages (even if blank) are included in the maximum 15 pages.
4. Body copy of the written report must be at least double-spaced (not space-and-a-half). Title page, executive summary, bibliographical references, appendix content, footnotes, long quotes, material in tables, figures, exhibits, lists, headings, sample letters, forms, charts, graphs, etc. may be single-spaced. Material may appear on one side of the page only.
5. Entry must be typed/word processed. Handwritten corrections will be penalized. Charts, graphs, exhibits may be handwritten.
6. Colored paper, ink, pictures, etc. are allowed. Divider tabs, page borders, artwork, attachments, foldouts, paste-ups, photographs, etc. may also be used, but are still subject to number of pages and page size restrictions.

## GUIDELINES FOR THE PRESENTATION

- This event does allow the use of materials (i.e., sample brochures).
- All material must be prepared by the students, with the exception of sample materials related to the topic developed by the business or organization that is the focus of the research project.
- The students/team may bring copies of the written research report to the presentation for their personal reference. These do NOT have to be in official folios, will NOT be evaluated, and may NOT be shown to judges.
- Self-contained, state-of-the-art technology (personal or laptop computers/hand-held digital organizers) may be used. However, students must use battery power even if electrical outlets are available in the room.
- Visual aids (poster paper, flip charts) may be used.
- All materials, equipment, supplies, etc. must be provided by the students. DECA assumes no responsibility for damage/loss of materials, equipment, supplies, etc.
- Only materials that can be easily carried to and from the competition areas will be permitted (includes computer equipment, visual aids, etc.). Only the students may handle and set up their materials. No outside assistance will be allowed.
- Materials appropriate to the situation may be handed to or left with the judge. Items of monetary value may be handed to but may not be left with judges. Items such as flyers, brochures, pamphlets and business cards may be handed to or left with the judge. No food or drinks allowed.
- Students will have up to **20 minutes** to present their research, findings, conclusions and strategies for improvement, and to answer questions from the judges.
- Space provided for this event may be limited to a 6' x 8' pipe-and-drape booth in an arena atmosphere (includes judge's table and chairs).
- When using a presentation aid, such as such as a laptop computer, the noise level must be kept at a conversational level that does not interrupt other students. If this guideline is not followed, the students will be interrupted and asked to follow the noise policy. **Note:** The noise level may be less of an issue when only one presentation is taking place in a room at a time (often the case with this event).
- Competitors are also responsible for following the information provided in the General Rules and Regulations for competition found on page 3.

Failure to follow guidelines may result in disqualification.

# JUDGE INSTRUCTIONS

The Business Research Event was created by Collegiate DECA in response to the need for college graduates to be familiar with business research processes and the impact research has on business and industry.

The students have worked with an existing business of their choice to conduct a research study on the development or enhancement of a social, local, mobile (SoLoMo) strategy. Students have analyzed current promotional strategies and practices and then developed a strategic plan to improve or implement social, local, mobile strategies and practices. Playing the role of the business owner/manager/operator, you are to read the written report and then interact with the writers as if you were considering implementing a new social, local, mobile strategy.

While the term “business” will be used in these guidelines for the purposes of clarity, any type of organization, or even a department, division, or specific location of a business, may be the focus of the research.

## JUDGING THE WRITTEN ENTRY

Please familiarize yourself with all of the guidelines before reading any of the written research report. Penalty points (see Written Event Checklist) have already been assessed. Your job is to evaluate the written research report based on the Written Evaluation Form.

- Place the students’ name(s) and identification number(s), using labels if provided, on the bubble score sheet as instructed (if not already done). If a bubble score sheet has not been provided, this information must be placed on the Written Evaluation Form for this event.
- You will have 10 minutes to read the research report before the students enter the judging area/room. This is an appropriate time to evaluate the research report using the Written Evaluation Form. Refer to the Evaluation Criteria section for guidelines.
- On the bubble sheet provided, please bubble in the appropriate score and write the score on the corresponding line to verify accuracy. Please make sure not to exceed the maximum score possible for each item.
- Please make sure to score all categories, add them for the total score, and then initial the total score. The maximum score for the Written Entry is 50 points.
- The written research project may include an optional appendix. An appendix may include sample questionnaires used, letters sent and received, general background data, minutes of meetings, etc.

# JUDGE INSTRUCTIONS

## JUDGING THE PRESENTATION

- Please familiarize yourself with all of the guidelines before interacting with students. Your job is to evaluate the presentation based on the Presentation Evaluation Form.
- To ensure fairness, at no time should a student be asked where he/she is from (school, state, country, etc.).
- Please place the students' name(s) and identification number(s), using labels if provided, on the bubble score sheet as instructed (if not already done). If a bubble score sheet has not been provided, this information must be placed on the Presentation Evaluation Form for this event.
- Students will be scheduled for presentations at 40 minute intervals.
- You will have 10 minutes to read the written research report before the students enter the judging area/room.
- The 20 minutes following the introduction will allow the students to outline the research, findings, conclusions and answer questions. Remember, you are role-playing as the owner/manager/operator of a business. You may refer to the student's written research report or to your notes during the interaction with the students.
- To insure fairness, you must ask the students the same questions—one question from each of the major categories shown on the evaluation sheet would be appropriate. After asking the standard questions, you may ask other questions for clarification specific to the current students.
- Following the 20 minute interaction period, please thank the students for the research and suggestions. Please give no indication of their performance/score.
- During the last 10 minutes, after the students are excused from the judging area, you may score the students. Refer to the Evaluation Criteria section for guidelines. On the bubble sheet provided, please bubble in the appropriate score and write the score on the corresponding line to verify accuracy. Please make sure not to exceed the maximum score possible for each item.

Please make sure to record a score for all categories, add them for the total score, and then initial the total score. The maximum score for the interview is 50 points.

**Note:** If a bubble score sheet is not provided, indicate your scores on the Business Research Presentation Evaluation Form.

You may be asked to complete the Recap section and total your combined score for both the written entry and the interview. The section manager will double-check all addition.

The Presentation Evaluation Form follows the outline shown in the section entitled Guidelines for the Presentation, which explains in greater detail what should be discussed in each part.

During the presentation, ask yourself, "Will this work? Is it realistic? Does the students sound knowledgeable? Is the students communicating clearly?" Ultimately, you must decide, "Would I implement these employee retention recommendations?"

## PRESENTATION SCHEDULE

10 minutes for judges to read the written research report

20 minutes for presentation by the students and questions by the judges

10 minutes for scoring by the judges

## JUDGING SUMMARY

Maximum score is 100 points. A score of 70 or better will earn the student a Certificate of Excellence.

We hope you are impressed by the quality of work of these students. If you have any suggestions for improving this event, please mention them to your event manager.

## EVALUATION CRITERIA

A score under the heading **Exceeds Expectations** in any category means that, in your opinion, the presentation was done in an effective, creative way; in effect, nothing more could be expected of the student.

A score under the heading **Meets Expectations** in any category means that, in your opinion, the presentation was done well. There may be a few minor problems or omissions, but they are not significant. A presentation which earns this level in every category for the presentation would probably receive strong consideration.

A score under the heading **Below Expectations or Little/No Demonstration** in any category means that some major flaw has been noted which damages the effectiveness of the presentation. This may be a major omission, a serious misstatement or any other major flaw.
