

BUSINESS RESEARCH

BUSINESS RESEARCH

The **Business Research** event provides an opportunity for students to demonstrate business and marketing research skills needed by management personnel. Students will work with an existing local business or organization to conduct business and marketing research about a specific topic, with the ultimate goal of improving business operations, profitability, visibility, etc. A new research topic, or area to improve, will be presented annually in the event guidelines.

The Business Research Event involves one to three students conducting business and/or marketing research for an existing business or organization based on an annual topic. While the term “business” will be used in these guidelines for the purposes of clarity, any type of organization, or even a department, division, or specific location of a business, may be the focus of the research. Upon completion of the research, the student (or student team) will make recommendations to the business owner/manager/operator to improve operations based on the research findings.

BUSINESS MANAGEMENT + ADMINISTRATION

MARKETING

EVENT OVERVIEW

The Business Research event consists of two major parts, both evaluated by the judge, for a maximum 100 points:

- The **written entry** is limited to 15 pages, and will account for a maximum 50 points.
- The **oral presentation** by the students, limited to 20 minutes including set-up, presentation time, and answering questions from the judge, will also account for a maximum 50 points.

For the presentation, the students are to assume the role of management trainees in a single-unit of a large business/organization, or in an independent operation. The judge, in the role of owner/manager/operator of the business, will evaluate both the written entry and the presentation.

Read carefully the Format Guidelines for the Written Entry, Guidelines for the Presentation, Written Entry Checklist, Written Statement of Assurances, and Evaluation Forms.

Preliminary round competition will consist of an evaluation of the written entry (minus deductions from the Written Entry Checklist) accounting for 50 points, and one presentation, also accounting for 50 points. Students/teams will be ranked according to their combined score, and a predetermined number of students/teams will be named finalists. Finalists will again be evaluated based on their written entry (minus deductions) and presentation to determine final rankings.

2019-20 BUSINESS RESEARCH TOPIC

The 2019-2020 topic is the development or enhancement of a strategy to identify opportunities for the business to use customization and personalization in its marketing strategy. WRITTEN ENTRY JUDGING

Students have worked with an existing business of their choice to conduct a research study on the development or enhancement of a strategy to identify opportunities for the business to use customization and personalization in its marketing strategy. Students have analyzed how the company's current marketing strategy impacts customer actions and drives results. The students then developed a strategic plan to improve or implement customization and personalization in the company's marketing strategy. Playing the role of the business owner/manager/operator, you are to read the written entry and then interact with the students as if you were considering implementing customization and personalization in the company's marketing strategy.

While the term "business" will be used in these guidelines for the purposes of clarity, any type of organization, or even a department, division, or specific location of a business, may be the focus of the research.

Please familiarize yourself with all of the guidelines before reading any of the written entry and interacting with students. Penalty points (see Written Entry Checklist) have already been assessed. Your job is to evaluate the written entry and presentation based on the Written Entry Evaluation Form.

- You will have 10 minutes to read the written entry before the students enter the judging area. This is an appropriate time to evaluate the written entry using the Written Entry Evaluation Form. Refer to the Evaluation Criteria section for guidelines.
- On the bubble sheet provided, please bubble in the appropriate score and write the score on the corresponding line to verify accuracy. Please make sure not to exceed the maximum score possible for each item.
- Please make sure to score all categories, add them for the total score, and then initial the total score. The maximum score for the written entry is 50 points.

PRESENTATION JUDGING

- Please familiarize yourself with all of the guidelines before interacting with students. Your job is to evaluate the presentation based on the Presentation Evaluation Form.
- Students will be scheduled for presentations at 40-minute intervals.
- You will have **10 minutes** to read the written entry before the students enter the judging area.
- Students will have up to **20 minutes** to outline the research, findings, conclusions and answer questions. Remember, you are role-playing as the owner/manager/operator of a business. You may refer to the written entry or to your notes during the interaction with the students.
- You may ask questions of the students to determine their ability to think spontaneously. To ensure fairness, you must ask all students the same standard questions. After asking the standard questions, you may ask other questions for clarification specific to the current students.
- To ensure fairness, at no time should a student be asked where he/she is from (school, state, country, etc.).
- Following their interaction with you, please thank the students and state that a decision will be made soon and the students will be notified of the decision. Please give no indication of their performance/score.
- During the last **10 minutes**, after the students are excused from the judging area, you may score the students. Refer to the Evaluation Criteria section for guidelines. On the bubble sheet provided, please bubble in the appropriate score and write the score on the corresponding line to verify accuracy. Please make sure not to exceed the maximum score possible for each item.
- Please make sure to record a score for all categories, add them for the total score, and then initial the total score. The maximum score for the presentation is 50 points.

During the presentation, ask yourself, "Will this work? Is it realistic given the budget limitations? Do the students sound knowledgeable? Are the students communicating clearly?" Ultimately, you must decide, "Would I hire this team to design and implement customization and personalization in my company's marketing strategy?"

JUDGING SUMMARY

Maximum score is 100 points. A score of 70 or better will earn the students a Certificate of Excellence.

Thank you for volunteering your time to evaluate our emerging leaders and entrepreneurs.

EVALUATION CRITERIA

A score under the heading **Exceeds Expectations** in any category means that, in your opinion, the information is presented in an effective, creative way; in effect, nothing more could be expected of the students, and the decisions/recommendations have been presented well.

A score under the heading **Meets Expectations** in any category means that, in your opinion, the information is presented well. There may be a few minor problems or omissions, but they are not significant. Decisions/Recommendations that earn this level in every category for the presentation would probably receive strong consideration for implementation.

A score under the heading **Below Expectations** or **Little/No Demonstration** in any category means that some major flaw has been noted which damages the effectiveness of the presentation. This may be a major omission, a serious misstatement or any other major flaw.
