INTEGRITY

As one of our key guiding principles, DECA members are poised professionals with ethics, integrity and high standards. Integrity and honor are integral elements of ethical, responsible business leadership. Great care must be taken in maintaining academic integrity while preparing students for their future careers. The reinforcement of those standards is the responsibility of every member, advisor, and administrator. In order to hold such a standard across our organization, every competitor and advisor must agree and certify that the participants and advisor complied with the following guidelines:

1. Participation of the competitors in this, and any, DECA competitive events will take place in an honest fashion. Therefore, the contents of this competitive event entry and any solutions provided are solely the work of the student(s).
2. The submitted presentation of this entry was completed by the student(s) who authored the work of the event or completed the case study preparation for the event.
3. The video was completed in one “take,” and videos were not edited, re-shot, or changed.
4. Teleprompters, cue cards or other aids not permitted by the event were not used.
5. No assistance was sought beyond that allowed in any DECA competitive event instructions or guidelines. Textbooks, reference materials or other aids not specifically allowed in the DECA competitive event guidelines were not used.
6. No portion of this entry has been entered into competition prior to this academic/competition year.
7. For role-playing events, all case studies, role-play scenarios, prep materials, student notes and associated items were destroyed after the event has been completed.
8. No DECA competitive event or test materials will be or have been saved to any storage device remaining in the possession of the competitor(s) or that of any other person; nor has it been saved to any cloud storage.

If it is determined that any one or more of these guidelines has not been adhered to, the entry will be disqualified and information will be forwarded to the chartered association advisor and local education agency’s superintendent appropriate action regarding academic integrity violations.

|                | The testing window will open at 8:00 a.m. ET each day, and exams must be completed by 11:59 p.m. of your respective time zone.  
|                | Participants will have 75 minutes to complete the exam. |
| TESTING ACCESS | Participants will receive the following from their chapter advisor prior to testing:  
|                | Username (DECA Member ID)
