Participants in the Business Operations Research Events will:

- select an actual local business operation

- conduct a research study
- analyze the results of the research study
- prepare a strategic plan
- prepare a proposed budget
- present in a role-play situation
 - the design of the research study
 - the findings and conclusions of the research study
 - the proposed strategic plan
 - the proposed budget to enact the suggested strategies

The guidelines for each of the Business Operations Research Events are consolidated to facilitate coordination of participant activities in each of the career categories. This means the guidelines will be exactly the same for each career category. However, each career category will be treated separately as a competitive event.

EVENT OVERVIEW

- The Business Operations Research Events consist of two major parts: the **written document** and the **oral presentation** by the participants. The written document will account for 60 points and the oral presentation will account for the remaining 40 of the total 100 points.
- Each Business Operations Research entry will be composed of **one to three members** of the DECA chapter. All participants must present the project to the judges.
- The body of the written entry must be limited to **20 numbered pages**, including the appendix (if an appendix is attached), but excluding the title page and the table of contents.
- The **Written Event Statement of Assurances and Academic Integrity** must be signed and submitted with the entry. Do not include it in the page numbering.
- The oral presentation may be a maximum **15 minutes** in length, including time for the judge's questions.
- For the presentation, the participants are to assume the role of hired consultants. The judge will assume the role of the owner/manager of the business/organization and will evaluate the presentation, focusing on the effectiveness of public speaking and presentation skills and how well the participants respond to questions that the judge may ask during the presentation.

2022 TOPIC

The 2021-2022 topic for each career category is the development of a strategy to improve the employee experience. As a result of the pandemic, many businesses adapted to work-at-home or hybrid models, conducted virtual onboarding, provided additional mental health initiatives, promoted upskilling, downsized and more. As we continue to emerge from the pandemic, companies must chart a course for the future of their workplace culture based on the experiences from the past year. Participants will collaborate with a local business or organization to assess and analyze current perceptions and practices of the employee experience within the company or organization. Participants will then present a strategic plan to improve and enhance the organization's employee experience.
