The Ethical Leadership Challenge provides an opportunity for participants to learn about principle-based ethics and the eight principles of ethical leadership. Participants will then develop a 60-second (or less) public service announcement (PSA) video describing the nature of principle-based ethics. The PSA should be designed to educate the local community and those afar through social media about the importance of principle-based ethics. Participants can be as creative as they like in creating and producing their PSAs.

**CHALLENGE OVERVIEW**

- This event consists of one major part: the public service announcement video that is a maximum of 60 seconds in length posted on Votigo. (See Presentation Guidelines.)
- Each event entry will be composed of one to four members of a DECA chapter. Chapters may submit multiple entries for consideration.
- The participants will research and study principles-based ethics and the nature of ethics.
- The participants will then develop a public service announcement based on a specific target market segment while storyboarding, script writing, filming, editing, publishing, and sharing the PSA. The PSA must include at least one of the eight ethical principles.
- Videos over 60 seconds in length will not be evaluated and will not be eligible for awards.
- The participants must fully complete and submit the online registration form at www.deca.org/challenges no later than December 1 at 3:00 p.m. ET to be eligible for awards. Late entries and entries over 60 seconds will not be accepted.
- Participants should share the PSA video on social media to create the most social buzz for the PSA while spreading the important message around principles-based ethics.
- The top 10 PSAs through the social platform will then be evaluated against criteria to determine the top five winners.
- DECA Inc., the Daniels Fund and MBAREsearch & Curriculum Center are not responsible for lost, damaged, mislabeled or misdirected entries.

**KNOWLEDGE AND SKILLS DEVELOPED**

Participants will demonstrate knowledge and skills needed to address the components of the project as described in the content outline and evaluation forms.

Participants will also develop many 21st Century Skills, in the following categories, desired by today’s employers:

- Communication and Collaboration
- Creativity and Innovation
- Critical Thinking and Problem Solving
- Initiative and Self-direction
- Media Literacy

**DANIELS FUND ETHICS INITIATIVE PRINCIPLES**

The Ethics Initiative and each of its components extend beyond philosophy and theory to real-world, practical application of ethical principles as a framework for personal and organizational decision-making. The Daniels Fund believes ethics education must convey that principles are constant foundations—not relative to a specific situation—and that doing what is right prevails over self-interest when the two may appear to be in conflict.

- Trust
- Accountability
- Transparency
- Fairness
- Respect
- Rule of Law
